AMERICAN BAR ASSOCIATION

STANDING COMMITTEE ON SUBSTANCE ABUSE

REPORT TO THE HOUSE OF DELEGATES

RECOMMENDATION

1 RESOLVED, That the American Bar Association urges all state, territorial and tribal legislative
2 bodies and governmental agencies to adopt strategies that foster and encourage the prescribing of
3 prescription medications for effective pain management and that reduce the incidence of
4 prescription drug diversion and abuse, including the enactment of legislation to authorize and
5 implement Prescription Drug Monitoring Programs, in compliance with the Health Insurance
6 Portability and Accountability Act.
